At Cedar Veterinary Group, we've designed our **Lifetime Care Club** so that as a pet owner you can ensure your pets receive the very best quality preventative treatments, through a simple monthly direct debit. The concept of spreading the annual cost of household bills is a regular and well recognised feature of our daily lives – why should the essential preventative treatments for your pet be any different?

Extra benefits of the plan include discounts on many other products and services at the practice. Talk to one of our team for more information.

Benefits of Preventative Healthcare

Preventative healthcare is a clinical approach that promotes regular health checks, vaccinations, dental care and nutrition as a way to keep pets healthy; reducing the need for emergency treatments or surgeries.

At Cedar Vets we recognise that preventative healthcare is the best way to prevent and manage diseases in animals. With regular visits to the practice, ideally every 6 months, you'll be able to detect any signs or symptoms of ill health in your pet; greatly reducing the risk to their health.

This provides you with much needed peace of mind, and can also save you a considerable amount of money on vet bills in the future.

How to Register

Our Lifetime Care Club is easy to join. Simply fill out our application and direct debit form and either hand it to a member of staff or send it back to us in the pre-paid envelope.

Main Terms & Conditions

As part of the terms and conditions of the Lifetime Care Club, we will send you automated text/ email reminders for annual vaccinations and flea and worm control. If you do not wish to receive these reminders, please contact us.

All products included in the annual subscription ie. vaccinations, flea and worming treatments must be taken within the annual payment period. Products cannot be carried forward to the next annual year.

If your pet's weight changes from that specified then further charges may be incurred.

Payments will be taken by separate monthly Direct Debits. We will terminate the plan if we are unable to collect two consecutive payments by direct debit.

This contract is for a minimum of 12 months from the signed date on the contract. If you decide to cancel within the 12 month period, you may be recharged for any products/services which have not been covered by the monthly payments.
