At Cedar Equine we understand how important it is for you to give your horse or pony the very best possible healthcare. We believe in a proactive, preventative approach to ensuring your horse remains as healthy as possible, for as long as possible. As such, we have developed our own equine healthcare plan which is suitable for horses and ponies of any age. This enables you to spread costs of preventative veterinary care through a simple monthly direct debit.

How to Register

Our equine healthcare plan is easy to join. Please speak to one of our team today at our Alton branch on 01420 82163 or email megan@cedarvet.com to express your interest. You can also download an application form from our website under the Equine Healthcare Plan tab.

Main Terms & Conditions

As part of the terms and conditions of the Equine Healthcare Plan, we will send you automated text/postal reminders for annual vaccinations. Please contact us if you do not wish to receive these reminders. Please note this will not include reminders for 6 monthly boosters, currently required by many competition bodies.

All products or discounts included in the annual subscription must be taken within the annual payment period. Products cannot be carried forward to the next annual year.

Payments will be taken by separate monthly Direct Debits. The plan will be terminated if we are unable to collect three consecutive payments by direct debit.

The contract is for a minimum of 12 months from the signed date on the contract. If you decide to cancel within the 12month period, you may be recharged for any products/ services which have not been covered by the monthly payments.

To request full terms and conditions please contact the Alton surgery.

A plan for dogs, cats and rabbits is also available - please contact us for further information.

Benefits of Preventative Healthcare

We believe that prevention is far better than cure, and is significantly more cost effective for you in the long term. Our equine healthcare plan is not insurance, but provides the important elements of preventative healthcare. It offers protection from preventable diseases by ensuring vaccinations, dental checks and parasite control are up to date. A targeted worming approach using faecal worm egg counts 3 times a year and an annual Equest Pramox are provided in the plan for starters!

So, what else is included?

CEDAR EQUINE HEALTHCARE PLAN BENEFITS:

- Annual health check at the time of Vaccination
- Annual routine blood test with interpretation
- Annual vaccinations for flu and tetanus as required
- Annual dental examination and rasp including sedation
- 3 x faecal worm egg counts and one annual Equest/Equest Pramox wormer
- Autumn saliva test kit for tapeworm
- Weight management, diet and nutrition advice
- Free insurance claim administration by the attending veterinary surgeon

£14.95
★ PER MONTH ★

DISCOUNTS INCLUDED:

- 15%** discount on journey fees (excluding out of hour emergencies)
- 30%** discount on primary flu vaccination course and on 6monthly flu boosters
- 30%** off additional wormers based on worm egg count results
